

ANTI SEIZE

Mounting paste for metal and aluminium parts

Description

MOTOREX ANTI SEIZE is a special mounting paste for metal and aluminium connections including any parts that need to be press-fit, aluminium supports in metal frames and all screw connections.

Product features

- white assembly paste
- prevents contact corrosion
- prevents micropitting
- water-resistant
- versatile

Application

ANTI SEIZE mounting paste prevents contact corrosion, helping to stop metal and aluminium connections from "seizing up". The special formula also strengthens the connection, stopping parts from coming loose prematurely.

Dosage

Best when used with the MOTOREX brush can. Apply a thin film of ANTI SEIZE mounting paste to the parts being connected and remove excess paste with a cloth to avoid unnecessary accumulation of dirt.

Technical Data

Properties	Test according to	Unit	Values
Colour			white
Base oil type			mineral
Thickener			AlK
Viscosity			NLGI 1-2
Working temperature		°C	-20 - 140
Density at 20 °C		g/cm ³	0.940
Viscosity at 40°C	DIN 51562-1	mm ² /s	400.0
Drop point	DIN ISO 2176	°C	> 250
VKA welding load	DIN 51350-4	N	4400
Worked penetration	DIN ISO 2137	0.1mm	305
Water resistance	DIN 51807-1		0 - 90
